**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I run my business from home and need the fastest connection possible.

I use gigabit fiber with Sonic and have Comcast DSL as well...very expensive and I need each for different reasons.

If I lose my gigabit fiber, I will lose business. We shoot and upload video files to clients and the turn around needs to be fast. or we lose business to countries and cities who have faster upload speeds.

We need competition to keep the prices down as well.

Thank you for considering the needs of the working people !

Best to you
